

Certificate of Deposit

RATE INFORMATION. Please refer to our rate sheet for the interest rate and annual percentage yield (APY) on this account. You will be paid this interest rate until maturity.

COMPOUNDING AND CREDITING. Interest will be compounded quarterly and will be credited to the account annually. The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings. If interest is credited to another account or paid to you by check, this may reduce earnings and may negate the effect of interest compounding. If you close your account before interest is credited, you will not receive the accrued interest.

MINIMUM BALANCE REQUIREMENTS. You must deposit \$10,000.00 to open this account.

BALANCE COMPUTATION METHOD. We use the daily balance method to calculate interest on your account. This method applies a daily periodic rate to the principal in the account each day.

ACCRUAL ON NONCASH DEPOSITS. Interest begins to accrue on the business day you deposit noncash items (for example, checks).

TRANSACTION LIMITATIONS. You may not make deposits into your account until the maturity date.

MATURITY DATE. Your account will mature 12 months from date of account opening.

EARLY WITHDRAWAL PROVISIONS. We may impose a penalty if you withdraw any or all of the deposited funds before the maturity date. The fee imposed will equal 90 days of interest.

RENEWAL POLICIES. Your account will automatically renew at maturity. You will have a grace period of 10 calendar days after the maturity date to withdraw the funds in the account without being charged an early withdrawal penalty.

FEES AND CHARGES. Please refer to the separate Fee Schedule provided to you with this disclosure for information about fees and charges associated with this account. A Fee Schedule will be provided to you at the time you open an account, periodically when fees or charges change, and upon request.
